

Hazard Mitigation Committee Minutes
February 16, 2017

present - Bram Towbin, Rob Bridges, Dan Gadd, Theresa Bienz, Michael Billingsley

Meeting convened 6:07

Informal discussion on Lori Barg's presentation Act 174, Act 64

agenda modified - bram moved, dan & theresa seconded

1. Bram moved to approve minutes, theresa seconds

2. Dam presentation - Oroville v. Marshfield

Bram suggests an immediate meeting with GMP

The silt and sedimentation problems from the railbed/Rec. Field road will damage the river... but the money so far is not forthcoming.

- emergency spillway must be faced
- emergency spillway gate mechanism must be improved
- service spillway weaknesses must be addressed
- evacuation and communications for emergency evacuation must be set up as soon as possible (including training and drills)
- to ask GMP to redesign and replace walkway railing so it does not block emergency spillway gate)

3. Gretchen Alexander - June 3rd presentation – o.k.

4. review of hazard priorities - only for guidance, in preparing new hazard mitigation plan

5. Adjourn

moved by Rob, seconded by Bram
