

Hazard Mitigation non-meeting

April 20, 2017

Attending: Dan Gadd, Theresa Bienz, Michael Billingsley. Visitor – Justine Gadd.

Lacking a quorum, a regular meeting was not convened.

An informal discussion with Public Health Officer Justine Gadd involved all participants, and included consideration of strategies to involve Goddard College, the Plainfield Health Center and the Vermont Dept. of Health... to forestall and anticipate ways in which pandemic disease spreads, to lower the risk of passing on infections, and to care for and quarantine infected persons.
